WHY RESTAURANTS SWITCH

Stop running between the counter, the kitchen and your phone.

BEFORE

Paper KOTs get lost

Orders shouted, re-written, missed in the rush.

WITH NIMKI

The ticket is on the kitchen screen

The moment the waiter taps Send, with a timer running.

BEFORE

"How much did we do today?"

You find out at night, from a notebook.

WITH NIMKI

Sales so far, on your phone

Live, from anywhere, with what's selling fast.

BEFORE

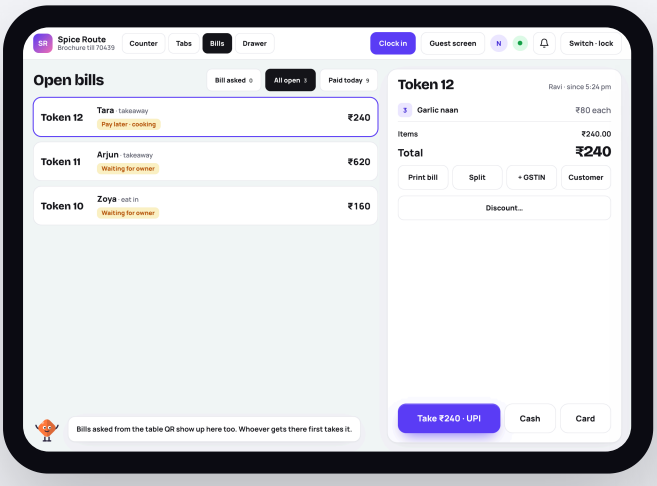

Discounts you never approved

Money leaks quietly at the counter.

WITH NIMKI

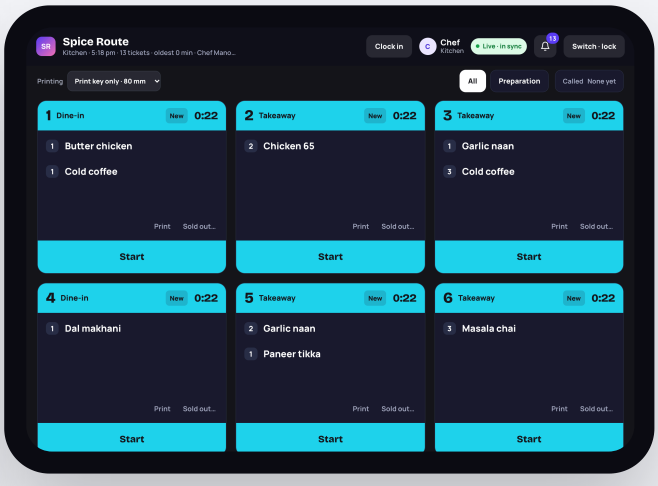

You approve it with one tap

Staff work within limits you set. The rest asks you.

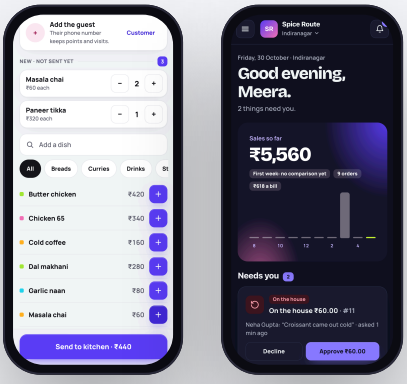

Counter

Every open bill in one list. UPI, cash or card in a tap.

Kitchen

Every ticket with its timer. Start, ready, call the token.

Waiter & owner, on their own phones

Waiters take orders at the table. You see sales so far and approve discounts from wherever you are. No extra devices to buy.

- Live in sync
- Own PIN per person

See it on your own menu in 15 minutes

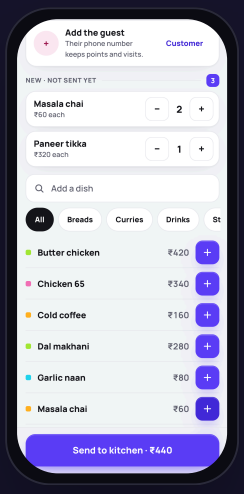

Free demo on WhatsApp with Aayush · +91 89529 56696

Book my demo

01 · LIVE DEMO, ON PAPER

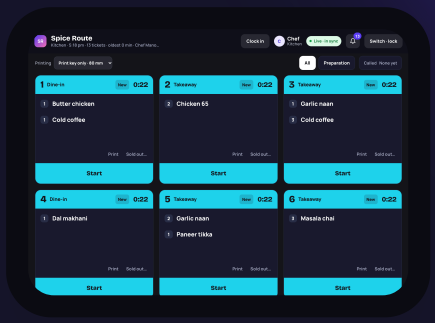

One table's order, start to finish.

Real screens from Nimki. Follow table 1 from the first tap to the money in your report.

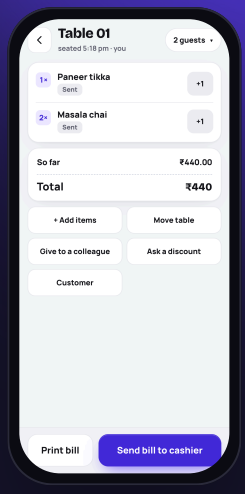

1 Ravi takes the order

Taps the dishes on his phone, then Send to kitchen.

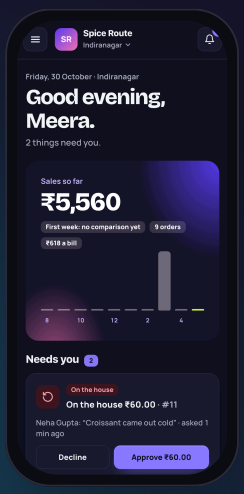

2 The kitchen sees it

The ticket appears with a timer. No paper, no shouting.

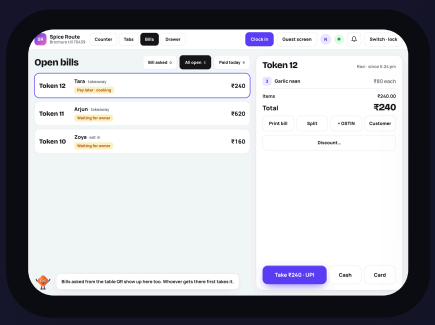

3 Bill so far, any time

Ravi sees what's sent and sends the bill to the cashier.

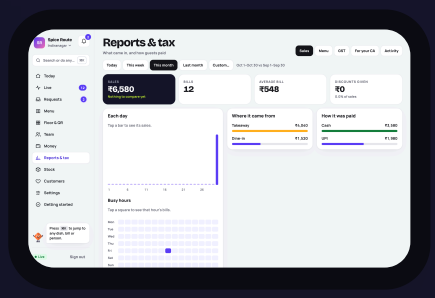

4 You approve a discount

From your phone, wherever you are. One tap.

5 The counter takes UPI

GST bill, receipt printed or shared as a link.

6 It's in your report

Sales by day and hour, cash vs UPI, ready for your CA.

Want to see this with your own dishes?

02 · EVERYTHING INSIDE

Built for the way Indian restaurants really work.

Counter & bills

- **UPI QR, cash, card, split**
  Change worked out; every payment recorded once.
- **GST bills done right**
  Buyer GSTIN, credit notes, bill numbers by financial year.
- **Sells with the internet down**
  Cash and UPI kept on the till, sent when you're back online.

Kitchen & floor

- **Kitchen screen & KOT printing**
  Timers, ready per dish, token calling, marked reprints.
- **Waiters on their own phones**
  Tables, orders, bill so far, send back with a reason.
- **Table QR**
  Guests order and ask for the bill from their table.

Owner & money

- **Today, Live and approvals**
  Sales so far, every table, one-tap OKs from anywhere.
- **Drawer & day close**
  Counts, every bill and receipt, the day checked before close.
- **Reports, GST files, CA pack**
  Busy hours, best sellers, files your accountant can use.

Team, stock & guests

- **Roles, PINs and limits**
  You decide who can do what; every change in the activity log.
- **Stock & recipes**
  Ingredients, suppliers, deliveries, waste and counts.
- **Loyalty that brings them back**
  Points, stamp cards, offers, bookings and pre-orders.

English and Hindi, per device	special hardware to buy	ready setups: café to bar	menu, team, first bill

SET UP FOR YOUR KIND OF PLACE

Café · Restaurant · Bakery · Bar · Food truck · Takeaway · More than one outlet

Each setup shows only what that kind of place needs, so a food truck never sees table tools.

Moving from Petpooja or paper? We'll move your menu.
Import your menu from a sheet · ask Aayush · +91 89529 56696

Help me switch

FIRST 100 RESTAURANTS ONLY

Or pay once, never monthly: Start for life ₹14,999*

See founder deal →

Prices per location, in ₹. No GST is charged on Nimki plans today. After the trial, there is a 7-day grace period; nothing is ever deleted. *See the founder deal for terms.

Not sure which plan fits?
Tell Aayush your setup; he'll suggest one · +91 89529 56696

Ask which plan

★ Founder lifetime deal · only 100 spots

Pay once. Run your restaurant on Nimki for life.

We're giving our first 100 restaurants a one-time price instead of a monthly bill, in return for telling us what to build next. When the 100 spots are gone, this deal closes for good.

Start · for life

₹14,999 one time*

~~₹9,990 every year~~

Save ₹24,956 over 5 years*

Claim Start for life

BEST VALUE

Run · for life

₹29,999 one time*

~~₹24,990 every year~~

Save ₹79,956 over 5 years*

Claim Run for life

- **Everything in your plan, for as long as Nimki runs**
  Updates included. No monthly bill, ever.
- **A direct line to the team**
  You talk to us directly, and your feedback shapes what we build next.
- **How to claim**
  WhatsApp Aayush. You get a founder code (NIMKI-XXXX-XXXX), and we switch it on for your restaurant.

Scan to WhatsApp Aayush
+91 89529 56696

*A server fee may apply on lifetime plans: **₹1,999 a year for Start** and **₹2,999 a year for Run**. Savings compare 5 years of yearly billing with the one-time price plus 5 years of the server fee (Start: ₹49,950 vs ₹24,994; Run: ₹1,24,950 vs ₹44,994). Founder deals cover one location, can't move to Grow, are limited to 100 restaurants in total, and are switched on by the Nimki team.

QUESTIONS OWNERS ASK US

Before you switch.

Do I need to buy new hardware?

No. Nimki runs on the phones, tablets and laptops you already have. Add a receipt printer if you want printed bills and KOTs.

What if the internet goes down?

The till keeps selling cash and UPI, and sends everything once you're back online. You review it before it's final.

Is it GST-ready?

Yes: GST bills, buyer GSTIN, credit notes for refunds, bill numbers by financial year, and monthly GST files for your CA.

How long does it take to start?

You can take your first bill the same day: add your menu (typed or imported from a sheet), your team and your tables.

Can my staff cheat on discounts?

Each person has their own PIN and limits. Anything above their limit comes to your phone, and every change is in the activity log.

My staff aren't comfortable in English.

Each device can run in Hindi or English, and screens use big, simple buttons.

YOUR NEXT STEP

See Nimki run your floor, free.

Message Aayush. You'll get a 15-minute demo on your own menu, the right plan for your place, and a founder spot while they last.
